These values have been obtained from third party or other sources which are believed to be reliable and reflect the market values of the relevant investments as at the date they were provided to us. However, we do not represent, warrant or guarantee, expressly or impliedly, their accuracy or completeness.

Where applicable, the provision by us of market prices or values does not imply that an actual trading market exists for that investment or transaction or that it is appropriate to assume (for accounting or other purposes) that such a trading market exists. The market prices and values provided herein may differ significantly from actual trading prices (if any) for entering into, purchasing, redeeming or terminating an investment or transaction as a result of various factors, including prevailing credit spreads, market liquidity, position size, transaction and financing costs, hedging costs and risks and use of capital and profit. Such market prices or values may also differ from the valuations adopted by us for purposes of determining the collateral value of any asset provided by you by way of security.

We have not advised you as to the appropriateness of any particular use of the market prices and values provided and we do not accept any liability whatsoever arising from your reliance or use thereof. You should consult your own advisors as to the appropriateness of any particular use of such market prices and values, whether in connection with the preparation of your financial statements, fulfilling reporting obligations or otherwise.

The current interest rate for CPFIS and SRS account is 0.05% p.a. Please visit us at www.dbs.com/sg for more details. Interest will be credited at the end of each month.

The prevailing CPF Ordinary Account (OA) interest rate is 2.5% p.a. An extra 1% interest is paid on the first \$60,000 of your combined CPF balances (with up to \$20,000 from OA). If you are aged 55 and above, the first \$30,000 of your combined CPF balances (with up to \$20,000 from the OA) also earns an additional 1% Extra Interest.

You can invest savings in excess of the first \$20,000 in your Ordinary Account (OA). However, you can continue to service your existing regular premium insurance policies as well as pay your agent bank fees using your OA sayings even if it falls below \$20,000.

Your CPFIS investment proceeds will be credited into your CPF Investment Account (IA). You can transfer the cash balance in your CPF IA to your CPF Ordinary Account (OA) using our banking facilities (e.g. ATM or counter). We will automatically transfer any cash balance in your CPF IA to your OA at the end of the month if your IA has been inactive for two consecutive months.

If you have invested in Singapore incorporated shares or property funds (excluding Business Trust companies), you can now directly attend and vote at shareholder meetings. You do not need to register your attendance through us anymore.

### FOR YOUR INFORMATION
